Welcome to the Palmerston Golf Course

- The Palmerston Golf and Country Club is an 18hole course that has been the home to the NT PGA for the last 6 years. It was originally built in 1995 and then in 2005 it was redesigned to incorporate the front 9 in the beautiful suburb of Durack, by Course Designer Glenn Campbell. The par 71 course is set in tropical surrounds, is a pleasant walk for players of all standards.

It offers an interesting mix of short and long holes lined by tall stands of native trees and water ways.

The two sides are very contrasting from each other making it a unique feature of our course.

Wildlife is plentiful out there and you may even have the chance to get a glimpse of the little crocodile's that have made themselves home in the lakes on the front 9.
